REPORTS TO

General Manager / Head of Medical Services

ABOUT HOMERLY SENIOR LIVING

Homerly is a premier international senior living community located on the outskirts of Pattaya, Thailand. With a growing population of expatriate residents, we are committed to delivering high-quality, compassionate care in a safe and homelike environment. Our on-site medical team includes a registered doctor, nurses, practical nurses, and over 30 dedicated caregivers.

We are expanding steadily, currently serving 25 residents, with expectations to reach over 30 by year-end and full capacity (50 residents) within 18–24 months.

POSITION SUMMARY

We are seeking a dedicated and experienced Physiotherapist to lead and manage our on-site physiotherapy services. This is a full-time, hands-on role based at our in-house clinic. The ideal candidate will have a strong background in geriatric care, particularly with residents who have Alzheimer's, dementia, or mobility challenges.

You will be responsible for assessing, treating, and developing tailored rehabilitation programs for our elderly residents, promoting mobility, independence, and overall well-being. You will also work closely with our interdisciplinary medical team to ensure comprehensive care plans are delivered effectively. You will also be a key contributor the ongoing development of the business and its future expansion.

KEY RESPONSIBILITIES

- Provide comprehensive physiotherapy assessments and treatment plans for residents
- Design and lead individual and group rehabilitation programs to improve mobility, strength, and quality of life
- Collaborate closely with the on-site medical team, including doctors, nurses, and caregivers
- Maintain accurate and up-to-date records of treatments and progress reports
- Monitor equipment and ensure the physiotherapy clinic is well-maintained and fully operational
- Educate residents and staff on best practices for injury prevention, mobility, and safe transfer techniques
- Support falls prevention programs and provide input on mobility-related risk assessments
- Participate in multidisciplinary case conferences and contribute to overall resident care planning

QUALIFICATIONS & EXPERIENCE

- Bachelor's or Master's degree in Physiotherapy from a recognized institution
- Valid license to practice physiotherapy in Thailand
- Minimum 3 years' experience in a clinical setting, preferably in a private hospital or senior care facility
- Experience with elderly care, including residents with dementia or Alzheimer's
- Strong clinical assessment and rehabilitation planning skills
- Fluency in English (spoken and written) is essential
- Compassionate, patient-focused, and able to work collaboratively in a team-based care environment

WHAT WE OFFER

- A supportive, international working environment
- Stable, full-time employment with structured shifts
- The opportunity to grow with an expanding facility and play a key role in shaping physiotherapy services
- Collaborative, multidisciplinary care environment focused on resident well-being

HOW TO APPLY

Please send your CV and a brief cover letter outlining your experience and suitability for the role with your salary expectations to hr@homerlyseniorliving.com
